

CU Biodiesel is a student group dedicated to recycling waste fryer grease by converting it into clean burning BIODIESEL fuel. This fuel is now powering one of the campus Buff Buses. With your vote we will make sure that no campus buses spew out those nasty black clouds any more. Instead the exhaust will smell like fried foods!!!

VOTE YES!!!

YOUR VOTE WILL:

- ✓ **Reduce our dependence on foreign oil**
- ✓ **Reduce our environmental impacts**
- ✓ **Help improve air quality in Boulder**
- ✓ **Make CU a leader in alternative fuel use**

VOTE YES for cleaner, healthier air!

VOTE YES for renewable energy!

VOTE YES for fossil fuel independence!

VOTE YES for buses running on vegetable oil!
